To Whom It May Concern,

RE: UTS SOUL Award

While a student at UTS, Sreekar Reddy achieved their SOUL Award in 2025. Sreekar Reddy proved to be a dedicated community and student leader, contributing 133.5 hours of social impact action with organisations such as Study NSW, Communteer, Respect Now Always, The Big Lift, and more.

The UTS SOUL Award is a two-staged co-curricular program in which students take positive social impact action, develop their skills, collaborate across faculty and increase the capacity and impact of the community sector.

The program requires students to complete workshops and at least 90 hours of social impact action to achieve the Award. Students also engage in critical reflection about their experiences and personal growth throughout the program.

Sreekar Reddy showed great commitment to their development, participating in activities to improve skills in critical self-reflection, social justice leadership and social responsibility as part of the Award program. They demonstrated strong initiative, sourcing opportunities that aligned with their personal values and goals. Sreekar Reddy showed great dedication in achieving this Award alongside their studies and other commitments.

Regards,

Lisa Aitken, Executive Manager, Community Engagement and Impact
Centre for Social Justice and Inclusion
